

Press Release

Chandra Asri Acquires 2022 Green PROPER from the Ministry of Environment and Forestry

The company focuses on implementing green energy for a more sustainable business

Jakarta, 30 December 2022 - The Ministry of Environment and Forestry (KLHK) Republic of Indonesia awarded PT Chandra Asri Petrochemical Tbk (Chandra Asri) Green award at the 2022 PROPER (Company Performance Rating Assessment Program in Environmental Management). This year marks the second time Chandra Asri to receive the highest environmental management appreciation for its factories at Puloampel and Ciwandan. The two Chandra Asri plants are considered to exceed environmental management requirement, as well as contribute to community development and biodiversity around the Company's operational area.

Director of Human Resources & Corporate Affairs Chandra Asri, Suryandi said, "We are proud to receive the Green PROPER award for the second time and we appreciate the Ministry of Environment and Forestry for this honor. This award is a form of Chandra Asri's commitment to sustainable business practices by implementing green energy, as well as contributing to community and biodiversity in operational areas in which also is the result of the hard work of all our employees."

According to Suryandi, the PROPER criteria have become the standard for Chandra Asri in implementing an Environmental Management System to comply with legislation in order to manage its environmental impact. "PROPER also encourages the Company's active role in contributing to the community around the operational area. By applying the PROPER criteria, we can implement the principles of environmental governance and involve community participation in a transparent and sustainable manner," added Suryandi.

Regarding environmental management, this year, Chandra Asri has implemented a green energy transition as part of the Company's efforts to execute the greenhouse roadmap (GHG) and support the Nationally Determined Contribution (NDC) and Long Term Strategy for Low Carbon and Climate Resilience 2050 (Indonesia Vision 2050 LTS-LCCR), which is Indonesia's long-term strategy for Low Carbon and Climate Resilience.

Chandra Asri also contributes to biodiversity through the Company's-owned Biodiversity Park, Taman Kehati Asri, located in Gunung Sugih Village, Ciwandan District, Cilegon City. Based on the Diversity Data of Taman Kehati Asri 2022, there are 407 plants with a total of 41 types of plants with a Flora Biodiversity index of 2.95. This number is an increase compared to the index in 2021, which is at 2.89. Chandra Asri is

also conserving the Kuya Batok (*Cuora amboinensis*) that is listed in the Endangered or threatened species category on the IUCN red list.

In regards to community empowerment, the Company collaborated with Villa Ternak in developing an integrated livestock system program, namely Animal Husbandry for Prosperous and Independent Communities (*Beternak untuk Masyarakat Sejahtera dan Mandiri* or BERSERI). This program successfully managed 0.98 tons of stockpile waste into several products, such as Compost Asri (PUAS), planting media, and liquid fertilizers. Chandra Asri facilitated capacity building for participants through animal husbandry training and assistance, and education to reduce emissions through livestock manure management and encouraged them to build modern cattle pens made of plastic and mild steel to reduce maintenance costs.

After acquiring Green PROPER for two consecutive years, Chandra Asri is committed to maintaining its achievements and continuously making process improvements to minimized environmental impact. The Company is optimistic about achieving a better rating in the future to realize a sustainable petrochemical business in Indonesia.

About Chandra Asri

Chandra Asri Petrochemical is Indonesia's largest integrated petrochemical company producing olefins and polyolefins. With a history of 30 years and over 2000 dedicated staff, the company incorporates state-of-the-art technologies and supporting facilities located strategically in the country's petrochemical hub, Cilegon and Serang. As a Growth Partner, Chandra Asri is committed on creating high-value jobs, expanding the domestic petrochemical value chain, and serving the needs of the vibrant and growing Indonesian market.
